NAVARA 2.5L PRO-4X

NAVARA 2.5L VL AUTO

| LIVE LIFE WITHOUT LIMITS

It's all about confidence. The feeling that whatever you want to do, wherever you want to go, you can count on the Navara to take you there. So get ready to take it to the next level, and make every day an adventure, with capability that opens up a whole new world for you to explore. The Navara is loaded with the tech you need, so you're ready to shift into 4x4 and cruise rolling dunes or climb up a fire trail with unmatched capability. And do it all with big, bold style. The new Nissan Navara. Geared to excite. Pure, authentic, and ready for whatever comes next.

INTELLIGENT AROUND VIEW MONITOR

It's a tight squeeze, but you'll get through without a scratch

The path is so tight, you hold your breath going through. But you know you'll make it, with Navara's advanced tech on your side. Wheel-scraping boulders? Severe drop-offs? Not to worry. **Four cameras** give you a 360-degree overhead view of obstacles. Think of it as your own high-tech spotter on board.

Off-road Mode - On rough terrain, the Intelligent Around View Monitor becomes your personal spotter. With a designated off-road mode, at slow speeds in 4WD (4LO) it gives you a clear view of the surrounding terrain, so you can see exactly where to place your front wheels.

Trailer Hook-up Having a 360-degree view comes in especially handy when connecting to a trailer. Active guide lines help you place your Navara perfectly, while it's also great when negotiating a tight parking spot.

OFF-ROAD TECH

Climb, crawl, conquer, and never turn back

You've picked a climb so remote, it isn't even on the map. Now you need advanced tech to make it your own. Slippery stuff? You'll push through like a pro with the **Electronic Locking Rear Differential** engaged on 4WD (4LO) mode. Heavy-duty ruts and bumps? You're in complete control as the **Navara's rear multi-link suspension with dual-rate coil springs** soak up the big stuff and gives you a smooth ride. So when you're faced with challenging terrain, no worries - with Navara, it's your playground.

Electronic Locking Rear Differential

delivers equal power to both rear wheels, boosting traction to push through difficult terrain.

Hill Descent Control

Helps make going down steep grades more manageable by automatically adjusting your speed and brake pressure to help keep you going at a controlled speed.

Hill Start Assist

When you're on a steep incline, hill start assist helps stop you from rolling backwards for a period of 2 seconds, allowing the driver to release the brake and accelerate.

Active Brake Limited Slip (ABLS)

Helps provide the traction to keep your steering in control.

Shift-on-the-fly 4-Wheel Drive System

Switches between 2WD and 4WD (4H) with the twist of a dial at speeds of up to 100km/h.

Vehicle Dynamic Control (VDC) & Traction Control System (TCS)

Anti-lock Braking System (ABS)

Electronic Brake Force Distribution (EBD) & Brake Assist (BA)

SAFETY AND DRIVER ASSIST TECH

Wherever you go, bring a wingman

Just because you don't see them, doesn't mean they're not there.
A car in your blind spot, a pedestrian stepping off the curb.
Someone zipping by as you're backing out of a crowded parking lot.
But you can relax, because whatever comes your way, you've got a wingman on your side.

Intelligent Predictive Forward Collision Warning and Emergency Braking*

Monitors the second vehicle ahead as well as the vehicle directly in front to reduce the risk of multi-car accidents, and the Intelligent Forward Emergency Braking activates the brakes to avoid collisions, reducing the stress of driving in traffic or on busy streets.

Blind Spot Warning**

Visual alerts appear on your mirrors and display if a vehicle is detected in your blind-spot area. Further warning alerts sound if you continue moving into the danger zone.

Lane Departure Warning**

Stray from your lane and you'll be warned with both a visual and audible alert by a system so smart, it turns them off when you flick on your indicator.

Intelligent Driver Alertness*

Monitors your driving patterns and steering behaviour to detect changes from normal patterns. If inattention is observed, audible and visual alerts are presented.

High Beam Assist**

If an oncoming vehicle is detected, the system automatically dips the headlights when high beams are activated.

Rear Cross Traffic Alert**

When you're backing out of a parking space, this feature watches the area around the rear of your vehicle and can warn you of vehicles approaching within 20 metres either side.

FULLY BOXED, FULLY CAPABLE

Never bend in the face of adventure

Get axle-deep in fun. Navara's toughness means confidence you can feel. So go ahead and challenge yourself. Cruise the dunes, crawl over boulders – even ford a stream. With a combination of strength and skill that comes from decades of building authentic off-road trucks, Navara will take you wherever you want to play.

Rear Multi-link Suspension

With a strengthened rear axle, the Navara's rear multi-link suspension helps give a smoother ride, even in severe conditions. It also provides a more comfortable ride for those in back.

Fully Boxed Frame

Unlike some three-sided frames, a fully boxed ladder frame won't twist over uneven terrain. This means more strength, and ultimately, more capability.

Ground Clearance

With generous ground clearance, superior approach and departure angles, Navara is adept at fording ravines, and climbing seriously rocky terrain.

Actual car specifications may vary from pictures shown.

POWERFUL ENGINE

Embrace the awesome uphill battles

Legendary power and reliability. Hooked up to a **7-speed Auto Transmission with Manual Mode**, and **upgraded brakes**, you have the efficiency you want, the responsiveness and control that you need.

UTILI-TRACK CHANNEL SYSTEM

Squeeze the most out of every day

When you can bring all the toys, you can have an extraordinary day. Get up before the sun, load up your toys, grab a big coffee, and find that secret spot you can only reach with a real truck – Navara's up for it. Mountain biking after that? Rock climbing? No problem – you've got easy access and a big bed to bring what you need, and **Utili-track** to make sure your gear's locked down and secure. And with the available **bedliner** protecting your Navara, you'll look good for many extraordinary adventures to come.

Utili-track Channel System (PRO-4X only)

Ideal for securing your cargo, this innovative system consists of two channels – two running the length of the pickup bed – plus four heavy-duty cleats letting you position stable tie-down points practically anywhere.

Tailgate Assist

Helps to lighten the opening and closing of the tailgate through the addition of a torsion bar system

Integrated Bumper Step

With a truck bed, getting to what you need is vital – especially when loaded. Navara's new integrated bumper step gives you easy access.

Trailer Sway Assist

Giving you a smooth, straight ride you might even forget you've got your home-away-from-home in tow.

THIS IS ONE BIG BAD

MOTHER TRUCKER

Don't just make the scene, be the scene

When heads turn as soon as you pull up, you know it's going to be a great night. You're dressed with style that draws a crowd, thanks to blacked-out trim, overfenders, and orange-accented badges. And when you want to make a quick escape, **190ps / 450Nm engine**, and **rear multi-link suspension with dual-rate coil springs** let you get out of town in a flash.

7" ADVANCED DRIVE ASSIST DISPLAY

When you're well informed, you're in command

It's easy to be in control of the situation with Navara's **Advanced Drive-Assist Display**. Helping keep your eyes on the road with less looking away means you're focused and relaxed whether you're dodging boulders or negotiating city traffic. Navara's **7" Advanced Drive-Assist Display*** puts up to 8 key information right where you want it. With a quick look down, you can get info on everything from music information to key driver's aid alerts. The system can even monitor your driving and suggest when you may need to take a break or stop for coffee.

2ND-ROW FLEXIBILITY

Flip it up, or just stretch out and enjoy

Navara maximizes storage inside and out. The rear seats feature under-seat storage to keep things from prying eyes, and can stay flipped up to help carry taller items. The rear seats feature a fold-down armrest with cupholders, and have even been recontoured for more support – so your best friend will be comfortable on road trips, too.

Actual car specifications may vary from pictures shown.

CARGO AND STORAGE

Store it, hide it, lock it, love it

Life can be messy. Navara brings order to the chaos. Tuck things away with a high-capacity glove compartment, a roomy center console, and dedicated storage under the climate control. Keep your electronics charged up with handy USB ports. Nissan innovation is everywhere you look – the cupholders are great for holding drinks, and when not in use the “dogbone” design is perfectly shaped to hold your cell phone.

Everything on the agenda, and nothing off-limits

As soon as you look at your new Navara, your heartbeat gets a little faster. Because you know today's going to be safe and exceptional – everything can be yours for the taking. The day starts with rugged looks that let you stand out from the crowd. But the real fun begins when you point that chiseled nose towards the horizon and hunt down excitement. Bring your friends – you've got plenty of room. Climb a mountain, cruise the desert, hit the beach. With power, capability and advanced tech along for the ride, it's a whole new world – your new world. So gear up for adventure, and get ready to go where you've never been before. This is what it's like to have an authentic truck.
